

Best Practice

Hand Washing Procedure

1

Moisten hands with water and apply liquid soap.

2

Take hands away from the flow of water and rub together for 20 seconds.

3

Rinse hands under running water until free of soap.

4

Turn off the faucet and dry hands with a clean disposable paper towel or dry thoroughly with an air dryer.

2024 ERSI Update: Programs may use a paper towel or single-use cloth towel to turn off the faucet, but it is no longer required
